

Muhammad Hasan Akhtar

Senior Web Developer / Full Stack Developer at Queue Technology

I have 3 year of experience as web developer. I intend to enhance my skills and strengths under your true professional, mature and specialized environment of web development. My learning skills, the attitude of taking things as a challenge and devotion with programming, make me feel that it is the right place for me to enhance my professional knowledge. As you can see my cv, I have completed my graduation from the COMSATS. Also, I have worked in different organizations from the last couple of years as web developer. Moreover, I am technology independent so I able to work on every technology.

I have developed efficiently many projects mentioned in my cv. Besides these, I want to mention i have very well experience with PHP,JS and MySQL and i have good knowledge about frontend designing as well.
